It starts at your ARA, but if he delegates it down, then Program Director.

Reid, as of now it looks like Deb and I will be the participants at the 6/30 Options Selection meeting. What level of concurrence do you need on the options - Program Director? ARA?

Thanks,
Angelique

Subject: Options Selection Briefing

Good Afternoon,

Attached is the Options Selection briefing for Subpart W . Thanks to those who submitted comments. You will notice that I have expanded the briefing to contain sufficient background material so that you can brief your management. Please note that for the actual options selection meeting I will remove most of the background material and make sure that you have copies of it a couple of days before the meeting. Since we only have 45 minutes, and your management will already know the background, there is no need to include it again.

There have been some style and wording changes, but for the most part it has been refined to be more clear. There are two slides that you should note:

(b)(5) - Deliberative Process Privilege

As always, thank you for your participation.

Reid
